

How to Win the Super Bowl

Acts 1:8

Introduction

- As I thought about how to win the Super Bowl, I thought about how the Christian life is compared to the sports world. We have a lot in common with the world of sports. The Bible even pictures the Christian life as a boxing match, a race, and a wrestling match.
- Now how can you win at the Super Bowl of Life?

Conclusion

- As I speak, two teams are squaring off in Tampa, Florida playing in the biggest game, the Super Bowl. There will be rings given out and trophies presented. Cash will be awarded to the players according to who wins and who loses. Glory will be given, as well as bragging rights of being the best football team in the world for another year.
- I don't know who is going to win. However, I do believe the team who wins will display these five characteristics that we have discussed. If you are going to win the super bowl of life, you too must display these same characteristics.
