

What is a Christian?

Acts 11:26

Introduction

- Today the term Christian is used more than any other term to describe a follower of Christ, and to describe so many things. People talk about the Christian faith. They debate whether or not we are a Christian nation. Yet, I believe the average person has no real clue what a Christian really is at least biblically speaking.
- Let's look at what being a Christian is all about.

Discussion

◇ A Christian is Someone Saved by Christ

- Acts 11:26

◇ A Christian is Someone who Stands for Christ

- Acts 26:28

◇ A Christian is Someone who Suffers with Christ

- 1 Peter 4:16

Conclusion

- We don't need to bring the term Christian down to the way many of us live. We need to raise the way we live up to the level of the name Christian.
