

The Lord of the Harvest

Matthew 9:35-38

Introduction

- I believe the modern church is moving in many directions, trying many programs, attempting many tasks; but all the while getting further away from the goal that it's founder, the Lord Jesus Christ, had for it from the beginning.
- The one thing that interested the Lord Jesus more than anything else was the harvest.
- I want you to see how the Lord Jesus viewed people as a harvest to be gathered.

Conclusion

- When you see what Jesus saw: people wounded, bleeding, and dying by the bullets of sin, you will feel what Jesus felt, you will love what Jesus loved, and you will go as Jesus went, sowing and reaping, working and weeping, and the harvest will be great!
